

# Registration & Title Guide

Revised July 2024

## PREFACE

The Nevada Department of Motor Vehicles has prepared this guide to assist the motor vehicle industry when conducting business with the Department. It was created as an informational and instructional reference, and attention to the detailed information and examples will ensure proper completion of forms required to register and/or title vehicles in the State of Nevada.

All forms illustrated in this guidebook are strictly for reference purposes only. To obtain the most current version of any form, please refer to our website at:

<https://dmv.nv.gov/dmvforms.htm>

Familiarity with the occupational licensing information and compliance with the licensing requirements will ensure that the business records on file with the Department are accurate and that they reflect the correct status of a business license. A vehicle industry occupational license is considered a privileged license. The business principal is responsible for compliance with all requirements pertaining to the documents submitted to the Department.

## SECTION 1 - GENERAL INFORMATION

## Guidelines

- Always type or print in black or dark blue ink.
- Owner's full legal name and address information must be recorded on registration and title documents exactly as it reads on the owner's driver's license.
- Ensure the Vehicle Identification Number (VIN), year, make, odometer readings and registered owner and legal owner information are consistent on all documents.
- Signatures must always be handwritten, unless waived by the Department because the submittal is done by electronic means. A printed release will not be accepted unless accompanied by a notarized or witnessed statement (from the person in question) stating the signature is a legal signature.
- Do not use correction fluid or correction tape.
- Do not alter any information on the documents.
- A release should be the same as it appears on title documents, i.e., Elizabeth should sign as Elizabeth.
- All documents must be originals unless certified true copies of the original documents.

## Importance of Accuracy

The Department of Motor Vehicles uses the VIN as the primary identifier for entry and retrieval of records. It is therefore critical that all documents are completed using the correct VIN.

### TO AVOID ERRORS:

- Use the entire VIN at all times.
- Ensure the VIN is entered or recorded accurately. It is best to use block letters.
- If the VIN is handwritten, try to avoid the following most common errors:

Letter	May be mistaken for:
B	13 or 8
D	0
G	6 or C
J	T or I or 5
R	K
S	5
Y	4 or H
Z	2 or 7

"I" and "1" are often confused. The letter "I" is rarely used in a VIN.

The letter "O" is never used in a VIN, with the exception of state assigned VINs, such as those that are assigned by the states of Colorado (i.e., COLO123456) or Missouri (DR000000MO or DR000000000000MO).

## Vehicle Identification Number (VIN) Information

Since 1954, American automobile manufacturers have used a Vehicle Identification Number (VIN) to identify and describe a vehicle.

Since 1981, all manufacturers of vehicles sold in the United States are required to use a standardized seventeen (17) digit VIN structure. When the department is provided with a vehicle with an eighteen (18) digit VIN, the VIN will be verified before the vehicle information is entered.

Variations exist in the location of a VIN and in the systems used for a VIN; they may vary by year of manufacture and between manufacturers.

A VIN should always be verified by a physical inspection of the vehicle.

### VIN Schematic / Description

4 = 2034	5 = 2035	6 = 2036	7 = 2037	8 = 2038	9 = 2039

**11<sup>th</sup> Character:** Identifies the assembly plant for the vehicle.

**12<sup>th</sup> to 17<sup>th</sup> Characters:** Identifies the sequence of the vehicle for production as it rolled off the manufacturer's assembly line.

If a manufacturer produces less than five hundred (500) vehicles per year, the VIN characters along with the third, fourth and fifth characters of the fourth section shall uniquely identify the manufacturer, make and type of motor vehicle, (Title 49 CFR, Section 565.6 Content Requirements)

### Notaries Public

A licensed Nevada dealer's signature is not required to be acknowledged by a Notary Public on documents the dealer must file with the Department, except in regard to deposit in lieu of a bond. Nevada Revised Statutes (NRS) [482.3275](#)

If a document must be notarized, the provisions of [NRS 240.010](#) through [240.150](#) must be followed.

A Notary Public may not perform any act authorized by [NRS 240.065](#) if he or she:

1. Executed or is named in the instrument acknowledged or sworn to or witnessed or attested;
2. Has or will receive directly from a transaction relating to the instrument any commission, fee, advantage, right, title or interest, property or other consideration in excess of the authorized fees pursuant to [NRS 240.100](#);
3. And the person whose signature is to be acknowledged, sworn to, or witnessed or attested are domestic partners; or
4. The person whose signature is to be acknowledged, sworn to, or witnessed or attested is a relative of the domestic partner of the notary public or relative of the notary public by marriage or consanguinity.

### Attempt to Contact

If the Department of Motor Vehicles requires evidence of an “Attempt to Contact” the owner or lienholder of a vehicle, you must do the following:

- Write to the owner of record asking them to sign the enclosed documents (Bill of Sale, Application for Duplicate Title etc., depending on the requirements) in front of a Notary or to contact you.
- **Caution:** Do not mail original ownership documents that are in your possession. Mail photocopies of the ownership documents, and request the owner contact you to arrange signing the original documents.
- If you need a signature on an original document, and it is a secure document (i.e., Secure Power of Attorney, Title) a signed photocopy is not acceptable.
- Send the letter by “Certified Mail – Return Receipt Requested.” Keep the payment receipt, issued to you by the Post Office, with your records. Retain copies of everything you mail.
- If the letter is returned with a forwarding address filed with the U.S. Postal Service, resend the letter to the forwarding address by “Certified Mail – Return Receipt Requested.”
- If the letter is returned to you as “Undeliverable,” do not open it; or
- If you receive a signed Post Office Receipt showing the letter was received and fifteen (15) days have passed since the date of receipt.
  - Bring all documents for the vehicle, along with the returned letter or the signed receipt, to the Department of Motor Vehicles.
  - At that time, the Department of Motor Vehicles should be able to assist you with the vehicle registration and titling of the vehicle.
- If the former owner(s) contacts you and provides you with the necessary signatures, the receipt or returned letter is not needed.
- Prior to being issued a vehicle registration or title, you will need to have a Vehicle Identification Number Inspection [VP-15](#) completed on the vehicle.

## Motor Homes

Motor homes are vehicles described as permanently attached to a chassis and are designed for use as temporary living quarters. NRS define three (3) types of motor homes.

**Note:** The legal maximum width of a recreational vehicle is one hundred two (102) inches excluding mirrors, lights and other devices required for safety; and an awning and any hardware used to attach the awning, but it cannot extend beyond any mirror.

**Mini Motor Home** refer to [NRS 482.066](#).

**Motor Home** refer to [NRS 482.071](#).

In all cases, the chassis/frame number is used as the vehicle identification number (VIN). The make of the vehicle is the motor home name, not the chassis/frame manufacturer.

Example: Winnebago makes the Itasca and Fleetwood makes the Tioga. The makes are therefore Itasca and Tioga; Winnebago and Fleetwood are not used.

The vehicle year is established by the manufacturer on the vehicle's original documentation.

In all cases, the vehicle length must be included on the registration and title documents as part of the vehicle description.

**Chassis-Mount Camper** refer to [NRS 482.0151](#).

**Recreational Park Trailer** refer to [NRS 482.1005](#).

## Transmittals to the Department

It is advisable (not mandatory) for dealers to submit a transmittal with all title documents. Two copies of the transmittal should be submitted. The transmittal form must be completed in full and must identify the name and address of the business. In cases where title documents are resubmitted, write "RESUBMITTAL" in red across the top of the transmittal form.

Both copies of the transmittal will be date stamped, with the date of receipt by the department.

One copy will be returned to the submitting business if they include a self-addressed stamped envelope along with the transmittal.

One copy is placed in the Department files.

Please note the Department does not supply the transmittal form. However, the sample form details the information that must be provided when submitting title documents to the Department.

## Short-Term Lessors

### 6-Percent (6%) Governmental Services Fee Charged on Rental of Passenger Vehicles

Upon the lease of a passenger car by a short-term lessor in this state, [NRS 482.313](#) requires the short-term lessor to charge and collect from the short-term lessee a fee of 6 percent (6%) of the total amount for which the passenger car was leased, excluding any taxes or other fees imposed by a governmental entity.

- The amount of the fee must be included in the lease agreement and listed separately from all other charge.
- The fee must be identified as "Governmental Services Fee" and must be submitted quarterly to the Nevada Department of Taxation.
- The records, receipts, invoices, and other pertinent papers documenting the leases must be available at all times during normal business hours for examination and copying by the Nevada Department of Taxation or the Nevada Department of Motor Vehicles or its authorized agents.

The records, receipts, invoices, and other pertinent papers must be preserved intact for at least four (4) years after the date the record, receipt, invoice, or paper was made.

If you have any questions, please contact [State of Nevada, Department of Taxation](#).

## SECTION 2 - OWNERSHIP DOCUMENTS AND FORMS

## **Manufacturer's Certificate of Origin**

Manufacturer's Statement of Origin/Certificate of Origin (MSO/MCO) means a document similar to a certificate of title or certificate of ownership issued by a manufacturer that must be completed and executed by the seller of a new vehicle when the vehicle is sold or leased for a fixed period of more than 31 days for the first time.

The Manufacturer's Certificate of Origin (MCO or MSO) must be assigned by the manufacturer to the dealer, and properly reassigned by the dealer to the purchaser of the vehicle.

The MCO or MSO is a secure document, which means there are security features contained on it that prevent erasing, altering or unauthorized reproduction.

Security features may include:

- Intaglio printing - a printing process where an engraved plate meets the paper under extremely high pressure forcing the paper into the incisions below the surface of the plate.
- High-resolution printing—a printing process that achieves excellent art clarity and detail quality approaching that of the intaglio process.
- Security paper—paper containing a security watermark and/or a security thread and has been chemically treated to detect chemical alterations.
- Erasure-sensitive background inks—a process whereby the text is printed in a dark color ink over a fine line erasure-sensitive prismatic ink tint.

### **Manufacturer's Certificate of Origin (Front)**

The MCO contains the following:

- Date – The date the MCO was completed by the manufacturer.
- Description of Vehicle – Must be completed by the manufacturer.
- Dealer or Distributor – The name of the dealer or distributor the vehicle was initially delivered to.
- Issuing Manufacturer's Information – The name and address of the manufacturer and the original signature of the manufacturer's authorized representative.

## Nevada Certificate of Title

### Nevada Revised Statute (NRS) [482.285](#) and [NRS 482.400](#)

There are currently several valid styles of Nevada Certificates of Title in circulation. For the purpose of this guide, only the three (3) most recent styles will be addressed (Revision 2021, 1/2016 and 8/2010).

The registered owner or seller must sign the Certificate of Title exactly as the name appears on the face of the Certificate of Title:

- If there is more than one (1) registered owner or seller, joined by “and,” the signature of each registered owner or seller is required.
- If there is more than one (1) registered owner or seller, joined by “and/or” or “or,” only one (1) of the owners or seller’s signatures is required.
- If there is more than one (1) registered owner or seller, and not joined by “and” or “and/or” or “or” the signature of each registered owner or seller is required. The Department considers no name indicator as “and” in these cases.
- If the owner or seller information is in the name of a business, the name of the business must appear along with the signature of an authorized business representative.

Buyer information must be completed indicating exactly how the new Certificate of Title is to read, and it must show the buyer’s full legal name.

**Lienholder Section:** This section must be completed.

- If the new Certificate of Title is to reflect a security interest in the vehicle the lienholder’s name, address, and Nevada Electronic Lien Title (ELT) number must be recorded.
- Except for persons who are not normally engaged in the business or practice of financing vehicles, all lienholders shall use the electronic lien system to process all notifications and releases of security interests through electronic batch file transfers.
- If there is no lienholder, “None” must be recorded in this section.

## Duplicate Certificate of Title

### Application for Duplicate Nevada Certificate of Title Form [VP-12](#)

If a Nevada Certificate of Title has been lost, stolen or mutilated, a duplicate Nevada Certificate of Title may be obtained by completing the Application for Duplicate Nevada Certificate of Title.

The Application for Duplicate Certificate of Title (Form [VP-12](#)) must be completed in full and submitted by the owner of record on file with the Department. The application must be signed and witnessed by a notary public or an authorized Nevada Department of Motor Vehicles representative.

The “Registered Owner(s)” and “Lienholder” areas must be completed exactly as shown on the current title record. If the original Certificate of Title was issued with “and” between the registered owner’s names, all owners must sign the application. If the original Certificate of Title was issued without an indicator such as “and” or “or” then all owners must sign the application. The Department considers the lack of a name indicator as “and” in these cases.

If a lienholder is applying for the duplicate Certificate of Title, the lienholder must complete the application.

The “Requested By” area must be completed if the duplicate Certificate of Title is to be mailed to a different address or person. A notarized letter of authorization is also needed unless the requestor is a licensed Nevada Dealer.

If the lien has been satisfied, for a printed title, a notarized lien release signed by the lienholder is required. An Electronic Lien Title (ELT) lien is released electronically by the lienholder and a title without the lienholder is printed and sent to the registered owner.

A duplicate title cannot be requested for an Electronic Lien Title (ELT). The lienholder is responsible for electronically requesting a printed title.

## Bonded Title

### NRS 482.2605 and NRS 487.820

If an applicant who is seeking a certificate of title to a vehicle from the Department pursuant to [NRS 482.2605](#) or [NRS 487.820](#), is unable to satisfy the Department that the applicant is entitled to a certificate of title, the applicant may obtain a new certificate of title from the Department by:

1. Filing a bond with the Department,
2. Allowing the Department to inspect the vehicle to verify the vehicle identification number and identification numbers, if any, on parts used to repair the vehicle; and
3. Authorizing the Department to conduct a search of the history of the vehicle through any national crime information system, including, without limitation, the:
  - a. National Crime Information Center, as defined in [NRS 179A.061](#); and
  - b. National Motor Vehicle Title Information System (NMVTIS) of the United States Department of Justice.

Any person damaged by the issuance of a certificate of title pursuant to this section has a right of action to recover on the bond for any breach of its conditions, except the aggregate liability of the surety to all persons must not exceed the amount of the bond. The bond must be in force for three (3) years from the date of issuance.

The bond required must be:

1. Executed by the applicant as principal and by a corporation qualified under the laws of this State as surety.
2. In an amount equal to
  - a. Bonded Title – one and one-half (1 ½) times the value of the vehicle Manufacturer's Suggested Retail Price (MSRP),
  - b. Salvage Bonded Title – 25% of the value of the vehicle Manufacturer's Suggested Retail Price (MSRP),
3. Conditioned to indemnify any:
  - a. Prior owner or lienholder of the vehicle, and his or her successors in interest.
  - b. Subsequent purchaser of the vehicle, and his or her successors in interest; or
  - c. Person acquiring a security interest in the vehicle, and his or her successors in interest, against any expense, loss, or damage because of the issuance of the certificate of title or because of any defect in or undisclosed security interest in the applicant's right or title to the vehicle or the applicant's interest in the vehicle.

Bonded titles have specific information listed on the face of the title:

1. At the top, center of the title, "BONDED CERTIFICATE OF TITLE"
2. The title number starts with "BT" and followed by nine numbers.
3. Brand of "Bonded Vehicle" listed under the brand section.
4. Statement printed at the middle of the title.

**BONDED VEHICLE TITLE**  
**THIS VEHICLE HAS A BOND ASSOCIATED TO THE OWNERSHIP.**  
**OWNERSHIP TRANSFER MAY NOT BE ALLOWED OUTSIDE OF NEVADA.**

---

Ownership can be transferred with a bonded title in Nevada. Ownership transfer outside Nevada may not be allowed. Prior to purchasing the vehicle check to verify transfer is allowed. The owner that received the bonded title must keep the bond in force for the entire three (3) years. Selling the vehicle does not relinquish the requirement of the bond.

All bonded titles are processed in Carson City by Central Services. Please contact Title Research at 775-684-4810 for information regarding the bonded title process.

## Odometer Mileage Disclosure

[NRS 482.245](#), [NRS 484D.300](#) to [484D.345](#)

Federal and state laws and regulations require an odometer disclosure be completed upon transfer of ownership for vehicles of the 2011 model year or newer, until vehicles are 20 years old and do not meet exemptions in [49 CFR Part 580.17](#). NOTE: Titles with statement “Exempt-model year over 9 years old” no longer apply.

The odometer disclosure must be made in writing on the secure title document or on the secure reassignment document if one is used to reassign a title.

If the vehicle has never been titled, i.e., a new vehicle or one coming into the country for the first time, the disclosure can be made on a separate document. This document does not need to be secure, however, the same person (person includes company or corporation) cannot sign the disclosure as both the buyer and seller.

The seller and purchaser must jointly attest to the odometer reading shown on the vehicle’s odometer apparatus at the time of transfer of ownership of the vehicle.

If the odometer reading is not the actual mileage of the vehicle, the appropriate designation must be made on the odometer disclosure.

If a vehicle does not have an odometer, the disclosure must include a statement to that effect, and the true mileage of the vehicle is not known.

An odometer disclosure must be completed when an out-of-state vehicle is titled for the first time in Nevada, even if there is no ownership change.

An odometer disclosure must include:

- Printed name and signature of each buyer and seller. The same person (person includes company or corporation) cannot sign the disclosure as both the buyer and seller.
- The current address of each buyer and seller.
- A complete vehicle description (make, model, year, body type and VIN).
- The current odometer reading, excluding tenths.
- The date of the transfer of ownership.

A Secure Power of Attorney must be used to disclose the mileage of the vehicle when a Certificate of Title or ownership is physically held by a lienholder or when a duplicate Certificate of Title or ownership is applied for. Refer to the Secure Power of Attorney section for additional information.

The original copy of the odometer disclosure statement must be submitted to the Department with the title documents.

## Leased Vehicles

Before a transfer of ownership is documented, each lessor of a leased motor vehicle shall notify the lessee in writing and the lessee is required to provide a written odometer disclosure to the lessor regarding the mileage. The disclosure may be made on either the Certificate of Title, or if the reassignment area is filled, using the Dealer Reassignment of Title form. This disclosure must contain a reference to the federal law and must state that failure to complete or providing false information may result in fines and/or imprisonment. Reference may also be made to applicable state law. Both the lessee and lessor must sign the disclosure.

## Repossessed Vehicles

The odometer reading for vehicles that have been repossessed must be reported by the legal owner of the vehicle (lienholder).

## Unrecovered Stolen Vehicles

Vehicles that are transferred to an insurance company when a payoff is made on an un-recovered stolen vehicle are exempt from the odometer disclosure requirements due to the unavailability of the vehicle.

## Miles versus Kilometers

To accurately reflect the true reading of the odometer apparatus, the documents (title, reassignment, etc.) should indicate whether the odometer records the distance traveled in miles or kilometers.

When the title is processed, the kilometers will be converted to miles. The kilometers are multiplied by 0.6214 then round to the nearest whole number, the answer is used as the miles.

## Secure Power of Attorney

A Secure Power of Attorney is used when a Certificate of Title is physically held by a lienholder, or when a Certificate of Title has been lost. The owner of a vehicle may give power of attorney to a buyer for the purpose of mileage disclosure. The authorization to do so must be conveyed by a secure power of attorney.

The Secure Power of Attorney form may be purchased from any Occupational Business and Licensing section of the Department of Motor Vehicles. This is a \$0.50 fee for each form.

Erasures, corrections, or the use of correction fluid to correct any information other than an address voids the form. If a correction to an address is made, an Erasure Affidavit (Form [VP-19](#)) must be completed and attached to the Secure Power of Attorney. The Erasure Affidavit cannot be used for errors made to the Odometer statement.

The buyer and the seller must retain a copy of the statement.

## Salvage Title

Salvage Title ([NRS 487.810](#)) means a title for a vehicle, which contains a brief description of the vehicle, including, as far as data may exist with respect to the vehicle, the make, type, serial number and motor number, or any other number of the vehicle.

The Department will issue a Salvage Title for a vehicle upon application, to:

- The owner of the vehicle.
- The person to whom the vehicle is titled.
- An insurance company that acquires the vehicle as a salvage vehicle.
- A lienholder who acquires title to the vehicle.
- A salvage pool who acquires the vehicle; or
- An organization that acquires the vehicle.

If the Certificate of Title/Ownership is held by a lienholder, the registered owner must notify the lienholder within ten (10) days that the vehicle has become a salvage vehicle. The lienholder must, within 30 days of receiving the notice, forward the title and the Application for Salvage Title or Non-Repairable Vehicle Certificate (Form [VP-213](#)) to the Department.

An Application for Salvage Title or Non-Repairable Vehicle Certificate (Form [VP-213](#)) and all accompanying documents will be returned to the applicant if they are not correctly completed in full.

### Salvage Title Fees:

Licensed Nevada Automobile Wrecker	No Fee
Out of State Automobile Wrecker	\$10.00
Licensed Nevada Salvage Pool	\$10.00
In-State or Out-of-State Insurance Companies	\$10.00
Out-of-State Vehicle Dealers (must be registered with a Salvage Pool)	\$10.00

An owner of a salvage vehicle may only sell the salvage vehicle to a salvage pool, automobile auction, rebuilder, automobile wrecker, or a new or used automobile dealer.

The Authorization for Vehicle Restoration ([VP-209](#)) must be obtained prior to the vehicle being rebuilt for vehicles five (5) years old or newer.

The vehicle must be repaired or restored to operation, complete a [VP-64](#) Certificate of Inspection / Affidavit of Vehicle Construction and have a branded title **before** the vehicle may be sold to a person other than the businesses listed.

### **Out-Of-State Salvage Certificates/Titles**

Salvage certificates issued by other states must be properly endorsed and must indicate and document a complete “chain of ownership” for the vehicle.

Contact the Department prior to accepting documents for a salvaged or junked vehicle, as laws from other states vary, and there may be instances where the Department must determine whether the documents can be accepted and whether a Salvage Title can be issued.

Some states will issue a salvage title for vehicles that have been issued a junk or non-repairable designation in another state. Nevada will not issue a salvage title for any vehicle that has or has had a status, from any state, denoting the vehicle cannot or should not be repaired for use on public highways or roads.

### **Retention of Salvage Vehicles**

An insured party (registered owner) may elect to retain a vehicle that has been declared a total loss insurance settlement. The insurance company or authorized agent must obtain the signature of the registered owner on the Application for Salvage Title or Non-Repairable Vehicle Certificate and the current vehicle title.

The insurance company must apply for a Salvage Title, by submitting the Application for Salvage Title, current title, and fees, on behalf of the person who is retaining the salvage vehicle. The vehicle may not be sold or transferred until the registered owner has received a Salvage Title.

### **Authorization for Vehicle Restoration**

**[NRS 487.480](#)**

**Form [VP-209](#)**

As required by [NRS 487.480](#), the Department will not issue a Certificate of Registration or title for vehicles that have been issued a Salvage Title (if the vehicle is five (5) years old or newer) unless the Department has authorized the restoration of the vehicle. Form [VP-209](#), Authorization for Vehicle Restoration, must be completed.

The authorization to restore the vehicle must be obtained prior to the vehicle being rebuilt. Only an authorized Nevada Department of Motor Vehicles Representative may complete the form.

In order to register and/or title the vehicle, the Authorization for Vehicle Restoration, Salvage Title and Certificate of Inspection/Affidavit of Vehicle Construction for Rebuilt or Specially Constructed Vehicles ([VP-64](#) or [VP-64M](#)) must be provided. Additional documents may be required as deemed necessary.

**Certificate of Inspection/Affidavit of Vehicle Construction ([VP-064](#))****Certificate of Inspection for Rebuilt Vehicles (Not Salvage) ([VP-064A](#))****Certificate of Inspection/Affidavit of Motorcycle/Trimobile Construction ([VP-064M](#))****Certificate of Inspection and Affidavit of Trailer Construction ([VP-223](#))**

- All Certificates of Inspection forms ([VP-064](#), [VP-064A](#), [VP-064M](#), [VP-223](#)) must be completed in order to register or title a vehicle (or trailer) for which a Salvage Title has been issued. The Certificate of Title and other documentation, as required, must also accompany each Certificate of Inspection form.
- An owner or authorized employee of a Nevada registered garage or licensed body shop, or rebuilder must certify that a salvage vehicle is repaired or rebuilt and must comply with the standards published and commonly applied in the motor vehicle repair industry.
- Motorcycle repair shops must be registered with the Department.
- If any safety equipment that was present in a motor vehicle at the time it was manufactured is repaired or replaced, the equipment must be repaired or replaced to the standards published and commonly applied in the motor vehicle repair industry.
- If a motor vehicle has been in an accident and a garageman or operator of a body shop accepts or rebuilder assumes control of the motor vehicle to make any repair, the garageman or operator shall:
- For a motor vehicle that is equipped with an airbag that has been deployed, replace the airbag in a manner that complies with the standards set forth in [49 C.F.R. § 571.208 Standard No. 208](#), for such equipment; and
- For a motor vehicle that is equipped with a seatbelt assembly which requires repair or replacement, repair or replace the seatbelt assembly in a manner that complies with the standards set forth in [49 C.F.R. § 571.209 Standard No. 209](#), for such equipment.

## SECTION 3 - COMPLETING OWNERSHIP DOCUMENTS

## Dealer's Report of Sale

### Dealer, Rebuilder, or Lessor's Report of Sale or Lease

#### Nevada Revised Statute (NRS) [482.423 - 482.424](#)

Refer to the [Electronic Dealer, Rebuilder, or Lessor's Report of Sale or Lease Manual](#) for the most current requirements for all Dealer, Rebuilder or Lessor's Report of Sale or Lease data in submitting to the Department through an Electronic Dealers Report of Sale (EDRS).

When a Dealer, Rebuilder or Lessor's Report of Sale (DRS) is required, dealers will utilize the Electronic Dealer Report of Sale Program (EDRS), a web-based system, using the Motor Vehicle Industry Portal (MVIP) to transmit vehicle and owner information to the DMV. The DMV will hold the data in a temporary table for sixty (60) calendar days from the date of sale. The dealer will not be able to query or access the DMV databases; however, limited changes to the vehicle and owner information will be possible during the sixty (60) days the data is held in the temporary table.

Through EDRS, customers who possess a Nevada Driver License, Nevada Identification Card, Driver Authorization Card, or businesses with a Federal Employer Identification Number (FEIN) may have the option to register their vehicle via the DMV OnlineRegistration. Customers using the web may choose to receive new license plates or transfer their current, valid license plates to their new vehicle and use applicable credits.

### DMV Web Connectivity

The most compatible web browser is Internet Explorer. While using other web browsers some functionality may not function. To allow the EDRS PDF document to display, you must enable pop-ups on your PC.

### When a DRS is required

A Dealer, Rebuilder or Lessor's Report of Sale or Lease (DRS) is the primary document used to register a vehicle sold or leased to a Nevada resident by or through a licensed Nevada dealer.

A DRS must also be issued when another dealer purchases a new or used vehicle for personal or business use that the dealership is not authorized to resell. In addition to issuing a DRS, the selling dealer must collect and remit sales tax.

A Nevada dealer may not issue a DRS to:

- Themselves.
- Other dealerships – for wholesale vehicles to be resold by that dealership.
- An out-of-state resident purchasing a vehicle in Nevada.
- An out-of-state dealership when handling a sale as a courtesy delivery.
- Buyers of off-road vehicles. These vehicle sales are handled by the Off-Highway Vehicle section of the DMV.
- For a Recreational Park Trailer. (Recreational Park vehicles are not registered with the Department.)

A DRS is issued the same date that all documents necessary to complete the sale or lease of a vehicle are executed. ([NRS 482.423](#) and [NRS 482.424](#)). The date of transaction is defined as the date of sale or lease and cannot be changed. For sales to individuals, the name of the purchaser that appears on the DRS must be the full legal name as it appears on the purchaser's driver's license, driver authorization card, or state-issued identification card.

A dealer must furnish a copy of the DRS to the buyer not less than ten (10) calendar days before the expiration of the temporary dealer placard ([NRS 482.423](#) and [NRS 482.424](#)). The temporary dealer placard is given to the buyer of a vehicle upon entering into a contract of sale for a vehicle. The temporary dealer placard is valid for 30 calendar days after the date the contract of sale was signed.

The DRS must be completed in full, and all information must match the information contained on the Manufacturer's Certificate of Origin, or outstanding title.

### **Submitting a DRS**

After the vehicle is sold, the dealer must submit the required documents to the Department's Carson City Title office to complete the transfer of ownership.

- If the vehicle is new, the documents must be submitted within 20 calendar days of the DRS transmission date.
- If the vehicle is used, the documents must be submitted within 30 calendar days of the DRS transmission date.
- If a correction was made to the DRS, include a copy of the updated DRS with an original signature.
- The DRS must be properly completed. Incomplete or incorrect information will result in the return of documents and delays for all parties involved.
- Information on the DRS must match the information on the Manufacturer's Certificate of Origin or the applicable Certificate of Title.
- Title fees must be submitted with the DRS.

### **DRS Copy Distribution**

The DRS consists of three (3) copies distributed as follows:

- One signed copy must be attached to all original, required title documents and forwarded to the Title Section in Carson City. If an update was made to the DRS, include a copy of the updated DRS with an original signature.

Department of Motor Vehicles  
Attn: Titles  
555 Wright Way  
Carson City, NV 89711

- One signed copy is given to the purchaser and is used to register the vehicle. The vehicle must be registered before the expiration date on the Temporary Dealer Placard. Late fees will be assessed if the vehicle is not registered within the 30-calendar day period. If an update was made to the DRS, include a copy of the updated DRS with an original signature.
- Customers must submit their insurance information at the time they are registering their vehicle. Nevada law requires registered owners to maintain insurance coverage on registered vehicles from an insurance company licensed with the Department of Insurance in the State of Nevada to avoid a minimum \$250.00 fine.
- The dealer's copy is the dealer's record of sale and must be retained for seven (7) years from the date of transaction or three (3) years after the dealership has gone out of business. If a correction was made to the DRS, include a copy of the updated DRS with an original signature.

## DRS Extensions

Submittals for an extension of time on a DRS may be requested by the dealer (refer to Section 10 of this guide for additional information).

## Lease Buyout

Lease Buyout means a person or business leasing a vehicle that terminates the lease by purchasing the vehicle. This constitutes a sale and is processed as a new transaction.

A Dealer's Report of Sale (DRS) must be completed when a lease is terminated as a result of purchase of a vehicle. If the owner information remains the same as it was during the lease period, the dealer shall:

- Attach the completed and properly released Certificate of Title and the \$28.25 title fee.
- Submit two copies of the DRS and the supporting documentation to the Department,
- Mark the appropriate box to indicate sales tax was collected. Nevada dealers are required to collect sales tax on all retail sales in Nevada, including lease terminations and lease buy-outs.
- Include \$5.00 for the new certificate of registration.
- The Department's Carson City office will issue a new registration for the vehicle removing the lease information and mail it to the registered owner. If there are changes in the registered owner information, but there is not a complete transfer of ownership or lease, the dealer shall:
- Print "Lease Termination—Correction" across the top of the DRS; and
- Give a signed copy of the DRS that shows the modified information to the customer.
- Mark the appropriate box to indicate sales tax was collected. Nevada dealers are required to collect sales tax on all retail sales in Nevada, including lease terminations and lease buy-outs.

The customer retains the original set of license plates.

In all cases, the \$20.00 title and \$8.25 title-processing fee must be submitted with the title documents when they are sent to the Department's Carson City office.

**Note:** Please see Section 2 for Odometer Disclosure Information pertaining to leased vehicles.

## Selling Governmental Agency Vehicles

[NRS 372.040](#), [372.055](#), and [372.325](#)

### **Dealer licensed to auction:**

One or more of your auctioneers may be hired or contracted to assist a governmental agency with the sale or liquidation of one or more of their vehicles.

If the fee is a flat fee that is not a commission, fee, or other form of compensation derived or associated with the sale of each vehicle or group of vehicles:

#### **DO NOT:**

- Sign onto the title.
- Issue a temporary dealer placard.
- Issue a Dealers Report of Sale.
- Provide a passing emission test.

**IMPORTANT:** Nevada sales tax exemptions apply to Nevada Government and U.S. Government vehicles only. Government vehicles (state owned) from other states that are brought into Nevada for retail sale, when sold by a licensed dealer or licensed dealer auction, are subject to the collection of sales tax.

**Note:** Sales tax exemptions only apply to the first sale of U.S. Government owned vehicles being sold, no matter where they are sold or purchased.

Government vehicles (owned by another state) that are purchased in another state and not registered in that state, then brought to Nevada to be registered, are subject to Nevada state sales tax.

### **Dealer licensed to auction:**

One or more of your auctioneers are hired or contracted to assist a governmental agency with the sale or liquidation of one or more of their vehicles.

If the fee is a commission, fee, or other form of compensation derived or associated with the sale of each vehicle or group of vehicles, or the fee is for the sale of each vehicle from each buyer:

#### **YOU MUST:**

- Issue a temporary dealer placard, [NRS 482.423](#) & [482.424](#).
- Issue a Dealer Report of Sale, [NRS 482.424](#).
- Provide a passing emission test, [NRS 445B.800](#).

On the first public sale of governmental vehicles, **DO NOT** sign on to the title unless you are taking “ownership” of the vehicle prior to selling it to the public or another dealer. See Section II page #10 and #14 for instructions on how to complete and process the vehicle title.

**Important:** Pursuant to [NAC 445B.575](#): If a vehicle is required by state or federal law to be equipped with an emission device and that device is missing or inoperable, the vehicle cannot be displayed or offered for sale to the public.

However, it may be sold to a Nevada licensed vehicle dealer or auto wrecker. The purchasing dealer should be provided with a written disclosure from the selling dealer advising the purchasing dealer the vehicle is missing the required emission device or that the device is inoperable.

The vehicle may be sold to a Nevada licensed auto wrecker without that disclosure.

## Lien Release / Satisfaction of Lien

### [VP-186](#)

Lien Release means a written release from a person, business or financial institution on record as having a security interest in a vehicle. The lien release must include a complete vehicle description.

An Electronic Lien Title (ELT) must be released by the lienholder electronically. The electronic lien release will create a new title without the lien listed (clear title). The title will be mailed to the party requested by the lienholder.

A lien release or satisfaction of lien enables a lienholder to release the security interest in a vehicle. It may be used with the Certificate of Title or with an application for a duplicate Certificate of Title for a printed title.

The lien release must include:

- A complete description of the vehicle, including the vehicle identification number, year, make, and model.
- The registered owner's full legal name.
- The registered owner's address.
- The printed name of the lienholder.
- The address of the lienholder.
- The phone number of the lienholder.
- The printed name of the lienholder representative.
- The lienholder representative's title if the lienholder is a business.
- The signature of an authorized representative.

A Lien release must be signed in the presence of a Notary Public or authorized Nevada Department of Motor Vehicles representative. If witnessed by a Notary Public, the stamp and signature of the notary public must appear on the affidavit. If witnessed by an authorized Department representative, the name and validation stamp or employee identification number, as applicable, must appear on the affidavit.

**Note:** A Lien Release (Form [VP-186](#)) is available from the Department. However, other forms will be accepted provided they contain the information specified above.

## Repossession Affidavit

### Form [VP-20](#)

A lienholder, as recorded on a Certificate of Title, may take possession of a vehicle that is in default of the terms of the applicable security agreement. To take such possession, the lienholder must submit the documents and follow the procedures required by [NRS 482.516](#) through [482.518](#).

Any person repossessing a vehicle without the knowledge of the registered owner must report the repossession orally to the police or sheriff's office in the county where the repossession is made.

A lienholder must give written notice to the person named as liable on the security agreement of the intent to sell a repossessed vehicle. The written notice must be provided at least 10 days prior to the sale and must be provided in person or sent by mail to the address as shown on the security agreement. The notice must:

- To satisfy the indebtedness secured by any subordinate security interest in the collateral if written notification of demand is received before distribution of the proceeds is completed.

- The payment of any surplus to the debtor.
- To obtain the Certificate of Title in the lienholder's name for a vehicle that has been repossessed, attach the Repossession Affidavit (Form [VP-20](#)) to the outstanding title. The title must be released by the lienholder as shown on the face of the title.

## Power of Attorney

### Form [VP-136](#)

A Power of Attorney is a written legal document whereby one individual conveys to another the legal right to act on his or her behalf.

If the right to release interest in a vehicle has been conveyed to another person or firm by Power of Attorney, the original Power of Attorney must accompany the title documents, and it must contain a complete description of the vehicle, including the vehicle identification number, year, make and model.

If a general Power of Attorney is used to convey an individual's legal rights, a photocopy attached to the title documents is acceptable.

A Power of Attorney becomes null and void upon the death of the individual who conveyed his or her rights to another.

The Power of Attorney must be exercised by the person or firm named as representative on the form. To properly exercise the Power of Attorney, the name of the owner must be listed prior to that of the representative.

- Example for an individual:

Sharon Smith by Jane Doe, P of A

- Example for a business:

Sharon Smith by Morrison's Garage George Morrison, P of A

The Power of Attorney must be exercised on the Certificate of Title or document for which the authority was granted. Otherwise, it is null and void.

The Power of Attorney must be signed in the presence of a Notary Public or authorized Nevada Department of Motor Vehicles representative. If witnessed by a Notary Public, the stamp and signature of the notary public must appear on the affidavit. If witnessed by an authorized Department representative, the name and validation stamp or employee identification number, as applicable, must appear on the affidavit.

When the Power of Attorney is used to release ownership of a vehicle, the Certificate of Title must be signed in the appropriate area by the individual appointed as Power of Attorney.

If a specific power of attorney is used to release ownership of a vehicle, a copy is acceptable only if it is a certified copy. The following statement must be included on the copy:

"I hereby certify that this is a true and exact copy of the original that is being held in our files. I further certify the original will be available during normal business hours for review by Department of Motor Vehicles personnel if necessary."

If a power of attorney is given to a business, the certification statement must include the business stamp or the printed or typed name of the business, the signature of the individual authorized to act on behalf of the business and the printed or typed name of the person certifying the copy of the specific power of attorney.

A general or specific power of attorney cannot be used to disclose the odometer reading on vehicles of the 2011 model year or newer, until vehicles are 20 years old and do not meet exemptions in [49 CFR Part 580.17](#).

## Transfer on Death

### Form [VP-239](#)

Transfer on Death allows vehicle owners to add or remove a beneficiary to their title. A title fee, the title, and the application must be submitted to the Department of Motor Vehicles to make this change. A new Nevada title will be issued with the beneficiary's name and the "Transfer on Death" designation.

A beneficiary cannot be added to the title when there is a lienholder or ownership is designated as "Tenants in Common." The beneficiary does not have interest or control of the vehicle. If a lienholder is added to the title later, the beneficiary will be removed from the title.

To transfer the ownership to the beneficiary, the beneficiary must submit the title (if available), title fee, and certified death certificate of the vehicle's legal owner(s). If more than one owner is on the title, the beneficiary cannot become the vehicle owner until all owners are deceased.

## SECTION 4 - NON-U.S. VEHICLES

## Foreign and Gray Market Vehicles

A foreign or gray market vehicle is a vehicle manufactured for sale in a country other than the United States that may not meet U.S. safety and/or environmental standards. These vehicles are not imported to the United States through the manufacturer's U.S. distribution system. Once in the United States, these vehicles must be brought into compliance, exported back out, or destroyed.

All the following documents are required to register and title a gray market vehicle:

- The foreign Manufacturer's Certificate of Origin, Manufacturer's Statement of Origin, or outstanding Certificate of Title; or
  - A statement signed by the manufacturer indicating an MSO/MCO was never issued; or
  - A statement from the manufacturer indicating to whom they assigned their interest in the vehicle; and
  - Bills of sale to establish a complete chain of ownership
- A completed Vehicle Inspection Certificate (Form [VP-15](#))
- U.S. Department of Transportation Form [HS-7](#)
- U.S. Environmental Protection Agency Form [3520-21](#)
- Odometer Disclosure Statement for vehicles of the 2011 model year or newer, until vehicles are 20 years old and do not meet exemptions in [49 CFR Part 580.17](#) if not on the MSO/MCO or title
- Statement of Facts (Form [VP-22](#)) if there is no Manufacturer's Certificate/Statement of Origin or outstanding Certificate of Title
- Department of Homeland Security, U.S. Custom and Border Protection CBP Form 7501.

The Nevada Certificate of Title will be branded "Non-US Vehicle" to provide notice to future owners that the vehicle was a foreign or gray market vehicle.

For more information, you may reference the National Automobile Dealers Association (N.A.D.A.) Title and Registration Textbook, PO Box 7800, Costa Mesa, CA 92628, phone number 800-966-6232.

Vehicles that are sold in the United States and designated for importation out of the United States cannot be titled in Nevada.

### Miles versus Kilometers

To accurately reflect the true reading of the odometer apparatus, the documents (title, reassignment, etc.) should indicate whether the odometer records the distance traveled in miles or kilometers.

When the title is processed, the kilometers will be converted to miles. The kilometers are multiplied by 0.6214 then rounded to the nearest whole number; the result is used as the miles.

## Canadian Vehicles

A Canadian vehicle is a vehicle that has been previously registered or titled in Canada, or ownership for the vehicle has been filed in Canada.

Documents required to register and title a Canadian vehicle include:

  - Declaration of Conformity (DoC)
  - [CBP form 7501](#) Entry Summary

Vehicles not previously determined eligible for importation must go through a petition process that takes between 90 and 120 days.

- Non-Conforming Vehicle with a bond release letter DOT form [HS-7](#), Declaration of Conformity.

## SECTION 5 - REGISTRATION INFORMATION

## General Registration Information

Registration requirements include Nevada liability insurance, a passing emission control certificate when the vehicle is registered in Clark and Washoe Counties, current odometer reading, odometer disclosure statements when applicable and payment of sales tax or proof that sales tax in Nevada has been paid.

Nevada law requires registered owners to maintain continuous Nevada liability insurance coverage on registered vehicles, from a licensed Nevada insurance carrier to avoid reinstatement fees and fines. Mopeds are exempt from insurance requirements.

**Note:** An insurance company must be licensed through the State of Nevada, Department of Insurance and approved by the Department of Motor Vehicles to sell vehicle insurance policies in Nevada.

- Minimum liability insurance amount is:
  - \$25,000 for bodily injury to or death of one person in any one accident;
  - Subject to the limit for one person, in the amount of \$50,000 for bodily injury to or death of two or more persons in any one accident; and
  - \$20,000 for injury to or destruction of property of others in any one accident.

## Vehicle Registration Fees

Nevada Revised Statutes (NRS) [482.205](#) requires that every owner of a vehicle intended to be operated on any Nevada highway apply to the Department or a registered dealer to obtain a valid registration before the vehicle can be operated on Nevada highways. Exceptions:

- Recreational and utility trailers may be registered for three years at a time.
- The Motor Carrier Division offers a permanent registration and license plate for full and semi-trailers.
- Mopeds are a one-time registration without renewal. A moped is registered until the date which the owner transfers the ownership or cancels the registration.

All vehicles with a declared gross weight in excess of 26,000 pounds must be registered with the Motor Carrier Division. The Motor Carrier Division may prorate new vehicle registrations only for 100 percent (100%) Nevada based vehicles for the balance of the year (if the carrier can prove they did not run prior to registering).

Owners of fleet vehicles (ten (10) or more vehicles) may be registered on a calendar year basis, with the registrations expiring on December 31.

## Governmental Services Taxes

Governmental Services Taxes, as required by [NRS 371.050](#), are also due and payable at the time of a vehicle registration. These taxes are based on 35 percent (35%) of the Manufacturer's Suggested Retail Price (MSRP) of the vehicle, excluding options and extras, when the vehicle was first offered for sale.

Buses, trucks, truck tractors or vehicle combinations having a declared gross weight of 10,000 pounds or more, and trailers and semi-trailers having an unladen weight of 4,000 pounds or more, may be assessed at 85 percent (85%) of the original purchase price, in lieu of the MSRP.

The original value of the vehicle may be based on \$0.50 per pound, if the Department is unable to determine the original MSRP in Nevada, or the original retail price.

Governmental Services Taxes are based on \$0.04 for each \$1.00 of valuation of the vehicle as determined by the Department ([NRS 371.040](#)). Vehicles are depreciated for the purpose of the governmental services taxes annually until the vehicle is nine (9) years old. Buses, trucks or truck tractors having a declared gross weight of 10,000 pounds or more and each trailer or semi-trailer having an unladen weight of 4,000 pounds or more are depreciated by the Department annually until they are ten (10) years old ([NRS 371.060](#)).

Governmental Services Taxes are rounded to the nearest dollar.

**Note:** In the Motor Carrier Division, vehicles with a GVW of 26,001 pounds or more are assessed GST and SGST based on the Original Purchase Cost (OPC) chart established by the Division.

### **Supplemental Governmental Services Taxes**

[NRS 371.045](#) authorizes boards of county commissioners to impose additional governmental services taxes of not more than \$0.01 per \$1.00 of valuation of the vehicle.

Supplemental Governmental Services Taxes are rounded to the nearest dollar and will be calculated at the time of registration as applicable to the county in which the vehicle is based.

### **License Plate Production Fee**

As required by [NRS 482.268](#), the Department also collects a License Plate Production Fee. The fee amount is set by regulation in [NAC 482.295](#).

### **Prison Industry Fee**

As required by [NRS 482.268](#), the Department also collects a Prison Industry Fee of \$0.50 per license plate.

## **Military Nevada Resident Vehicle Registration**

Nevada residents on active duty in the U.S. Armed Forces may maintain a Nevada vehicle registration while stationed in other states. However, you are not entitled to tax relief under the Service Member's Civil Relief Act of 2003. You may be entitled to a Veterans Exemption. Contact your [Nevada County Assessor](#).

If your registration renewal requires an emission inspection and you cannot have it completed in Nevada, you must have a smog check completed if you are currently residing in an area that requires emission inspections or submit an affidavit if testing is not required in your location. You may wish to consider renewing early when you are in Nevada.

The DMV will waive registration late fees for active-duty military members assigned to combat or combat support positions. Use the Active-Duty Military Combat Affidavit ([VP 258](#)) when you renew your registration. This form must be submitted at the time of renewal. You may renew by mail if the form is notarized, or you may sign it and renew in person at a DMV office.

If you wish to obtain an original registration or transfer an existing Nevada registration and plates to another vehicle, please [email](#) the Vehicle Identification Number and other specifics such as where and how the vehicle was purchased, sales price and any sales taxes paid. We will return an estimate of fees and instructions on how to complete the registration.

Per [NRS 482.4285](#), Except for persons who are not normally engaged in the business or practice of financing vehicles, all lienholders shall use the electronic lien system to process all notifications and releases of security interests through electronic batch file transfers

The DMV contracted with a vendor to create an ELT Hub. The DMV will transmit and receive electronic title data from the ELT Hub only.

A lienholder is required to send and receive electronic notifications via the ELT Hub. The lienholder can use a service provider or work directly with the ELT Hub, depending on ELT Hub requirements.

An electronic notification will be sent in place of a paper title as notification of a perfected lien.

## SECTION 9 - EMISSION CONTROL

## **Nevada Motor Vehicle Emission Control Program**

### **Summary**

A decentralized, test-and-repair, basic I/M (Inspection and Maintenance) program is operating in Reno (Washoe County). A decentralized, test-and-repair, low enhanced I/M program is operating in Las Vegas (Clark County).

Model year 1968 and newer vehicles that are over two years old are inspected. All gasoline-powered vehicles (light and heavy duty), and all diesel-powered vehicles with a Manufacturer's Gross Vehicle Weight Rating of 10,000 pounds or less that meet this model year criteria are inspected for emissions annually. Vehicle owners that are registering or re-registering their vehicle are required to have their vehicle emission inspected as part of the process (program is registration enforced). The DMV registration database obtains emission information for vehicles that are involved in the registration process from the vehicle information database (VID). Only gasoline emission analyzers are networked to a vehicle information database (VID) for emissions at this time.

Hybrid Vehicles (Gasoline/Electric), effective October 1, 2007, are exempt from emission testing:

- Based on the model year of the vehicle.
- Exempt for five model years. Emission testing will resume in the 6th year.

**Note:** If vehicle is a 2007 and purchased new in 2008 there is no extension allowed. Emission will be required in the sixth model year, upon renewal in 2013.

### **Vehicle Ratings for Gasoline Powered Vehicles**

#### **Light-Duty Vehicles Defined**

- Trucks with a manufacturer's gross vehicle weight rating less than 8,500 pounds
- A passenger motor vehicle that is designed to transport 15 or fewer people
- Van conversions

#### **Heavy-Duty Vehicles Defined**

- Trucks with a manufacturer's gross vehicle weight rating of 8,500 pounds or more
- A passenger motor vehicle designed to transport 16 or more people
- Motor home, mini motor home or camper mounted on a chassis.

### **Test Procedure for Gasoline Powered Vehicles**

- Visual inspection for exhaust smoke and crankcase blowby.
- Visual inspection for tampering of the air injection system, exhaust gas recirculation valve, catalytic converter, and fuel inlet restrictor.

Catalytic converters did not become mandatory in American Automobile Industry until 1975. Vehicle model years 1968 to 1974 are not required to have catalytic converters.

## Waiver Requirements for Gasoline Powered Vehicles

### Clark County:

- \$450.00 in repairs related to exhaust gas failures only. A waiver will not be granted for an emission failure due to tampering of emission devices, visible smoke or blowby. Repairs must be completed at an Authorized Station licensed to perform emission related repairs (designated a 2G station) to be eligible for an emission waiver.
- Self-repair provisions are not authorized in Clark County.

### Washoe County:

- Self-Repair: \$200.00 spent on parts related to the exhaust gas failure, other than a catalytic converter, fuel inlet restrictor or air injection system. No waiver for an emission failure due to tampering of emission devices, visible smoke or blowby.
- Shop Repair: \$200.00 related to exhaust gas failures only. No waiver will be granted for an emission failure due to tampering of emission devices, visible smoke or blow-by. Repairs must be completed at an Authorized Station licensed to perform emission related repairs. Facilities also noted as 2G.
- In addition to the requirements mentioned, the customer must have the following items present when applying for a waiver:
  - First failed emissions test before repairs were performed on the vehicle.
  - Receipts for parts and labor repairs dated after the first failed test.
  - Second failed emission test after repairs were performed.
  - Vehicle must be present for inspection to verify repairs were performed.

**Note:** Vehicles Inspection Reports are valid for ninety (90) days from the date of the test.

### **Diesel Vehicles Requiring an Emission Inspection**

The following Diesel Vehicles are required to have an emission inspection:

- All passenger vehicles regardless of Manufacturer's Gross Vehicle Weight Rating
- All light Duty Motor Vehicles
- All heavy-duty motor vehicles having a manufacturer's gross vehicle weight rating not exceeding 10,000 pounds

The emission inspection requirement is irrelevant to the weight that the registered owner declares, and only the Manufacturer's Gross Vehicle Weight Rating is the determining factor. These vehicles are tested for opacity (density of smoke existing in the exhaust). Pursuant to [NAC 445B.589](#), all emission control devices that are listed on manufacturer's emission control label for 1981 and newer vehicles are visually inspected. All vehicles that require testing are inspected for a proper fuel cap on all fuel tanks and are required to be in compliance preceding registration or renewal. The diesel vehicles are tested under a load on a dynamometer. The maximum allowable opacity reading in Washoe County is 40 percent (40%) and in Clark County, the maximum is 30 percent (30%).

### **Diesel Vehicles Not Requiring an Emission Inspection**

The following Diesel Vehicles are not required to have an emission inspection for registration: Heavy Duty motor vehicles with a Manufacturer's Gross Vehicle Weight Rating of 10,001 pounds or more, and vehicles that carry more than fifteen (15) passengers with a Manufacturer's Gross Vehicle Weight Rating of 10,001 lbs. or more. These vehicles are tested at random at roadside inspection stations and are not required to have an emission test for registration purposes. Passenger vehicles powered by diesel are not included in this category except for full-time all-wheel drive vehicles such as Hummers. These types of vehicles can receive an emission exemption from the Department's Emission Control Labs.

### **Smoking Vehicle Hotline**

Nevada has a Smoking Vehicle Hotline (686-SMOG (7664) in Reno, and 642-SMOG (7664) in Las Vegas) so that anyone may report a vehicle that is emitting excessive smoke from its exhaust. The information is collected and researched by the Compliance Enforcement Division of the Department of Motor Vehicles. The registered owner is sent a letter notifying them that their vehicle was reported as a smoking vehicle. The letter requests they repair the vehicle if it in fact emits visible smoke.

If a representative of the Department or a Law Enforcement Officer witnesses a vehicle smoking, a Smoking Vehicle Observation Report form is completed. The Department will then require a response from the registered owner of the smoking vehicle.

For more information on the Smoking Vehicle Program, call (844) 363-7664 (844-END-SMOG) or the web at [smogspotter.com](http://smogspotter.com).

### **Vehicles for Sale**

It is unlawful for any person (individual or business) to sell, offer for sale, display, operate or leave standing any vehicle that is required by state or federal law to be equipped with pollution devices unless those devices are correctly installed and in operating order.

## Dealer Sales

Any dealer who sells a used vehicle that will be registered in a Nevada Emission Control Program area must provide a certificate of compliance at the time the Dealer's Report of Sale is issued.

## Licensee Overview

Facilities that perform emission inspections are licensed as either an Authorized Inspection Station (1G) or Authorized Station (2G). Authorized Inspection Stations (1G) can test vehicles for emissions but cannot perform emission related repairs. Authorized Stations (2G) can test vehicle for emissions and perform emission related repairs.

Individuals licensed to only perform emission inspections are classified as 1G. Individuals licensed to perform emission inspections and emission related repairs are classified as 2G. There are different levels of training and testing requirements for each level of inspector classifications.

## Fee Schedules

Fees for inspections are calculated based upon 35 percent (35%) of the average shop labor rate, evaluated within each county during the final quarter of each year. A \$6.00 vehicle inspection report fee is charged for each inspection throughout the State of Nevada. Maximum fees for each calendar year are calculated during the last quarter of the calendar year and are based on the annual shop labor rate survey conducted by the Department.

## **SECTION 10 - OCCUPATIONAL AND BUSINESS LICENSING**

## Vehicle Industry Licensing

### Vehicle Industry Licensing and Regulation

The legislature finds and declares the distribution and sale of motor vehicles in the State of Nevada vitally affects the general economy of the state, the public interest, and the public welfare. In the exercise of legislative police power, it is necessary to regulate and license motor vehicle manufacturers, distributors, new and used vehicle dealers, rebuilders, leasing companies, brokers, transporters, salespersons, and their representative's doing business in the State of Nevada in order to prevent frauds, impositions, and other abuses upon its citizens.

The Department of Motor Vehicles (Department) has been charged with the responsibility of regulating the vehicle industry to ensure the legislative declaration and intent is met.

It is incumbent upon each licensee to know the laws governing the vehicle industry and the business for which the licensee is licensed. This information is intended to assist you in that effort.

Licensing forms can be located at our website: [dmv.nv.gov/olbl.htm](https://dmv.nv.gov/olbl.htm)

## **Being Contacted by the Department And Availability for Inspection of Books and Records**

As a public agency, the Department serves you and many other customers. The Department may receive complaints against a licensee from the public. The Department's Compliance Enforcement Division will investigate these complaints to protect the public interest and prevent unfair practices.

The law provides for inspection by the Department, of your Dealers Report of Sale (VP240 is a controlled form), pertinent records, and vehicle inventory. As a condition of licensing, licensees are required to make their books and records available for inspection during normal business hours. Licensees are required to produce items for inspection within three (3) business days of receiving a request from the Department, at the location specified. While records examination is required, we will make every effort to minimize any detrimental impact to the business.

## **Business Information**

### **Business License**

The business license is issued to an individual, partnership, LLP, LLC, or corporation after receipt of an application and investigation of the applicant(s) by the Department. The license is valid only for the business and owner(s) for which it was issued. The licensed business may not allow any person, who is not a licensed principal or salesperson of the business, to operate under the authority of the license. The licensee may not lease the license to another business or person. The license is not an asset of the business and is not transferred to new owners should the business be sold.

If a licensee changes the name or location of the established place of business, he cannot conduct business under the new name or at the new location, until he has been issued a license for the new name or location, from the Department. Forms and instructions for change may be obtained at any Occupational and Business Licensing office or on the DMV website, [dmv.nv.gov/olbl.htm](http://dmv.nv.gov/olbl.htm).

- The words "Finance," "Loan" or similar expressions may not be used unless the firm is actually engaged in the finance business.
- Because the actual value of used vehicles is difficult to establish, specific claims of savings must not be used. The terms "Wholesale" or "Discount" must not be used in the business firm's name, display sign or in retail vehicle advertising to imply that vehicles are being offered at wholesale when this is not the case.
- The words "Repo," "Repossessed" or "Repossession" may not be used in the business firm's name, trade style, signs, or display signs, unless the business is selling only bona fide repossessed vehicles.

### **Legible Sign Containing Name of Business**

A display sign is required at each established place of business. The sign containing the name of the business must be permanently affixed. The lettering must be of sufficient size to be clearly legible from the center of the nearest street or roadway, and the lettering must be at least eight (8) inches high and formed by lines that are at least one (1) inch wide. Two (2) photos of the building with the display sign are required as part of the licensing packet. The photos must clearly show both the building and display sign, Nevada Revised Statute ([NRS 482.332](#)).

The display sign will not be considered acceptable if it is:

Forms and instructions for change of address may be obtained at any Occupational and Business Licensing office or on the DMV website at [dmv.nv.gov/olbl.htm](http://dmv.nv.gov/olbl.htm). [NRS 482.326](#).
5. A franchise dealer cannot relocate the business within the relevant market area of an existing dealer who sells the same line and make of vehicles. [NRS 482.36357](#).

New city or county business licenses, rider to the bond, certificate of insurance and photo of the new location reflecting the new address must accompany the updated application form.

If the new location of the business is in a county different from that of the previous location, a new bond or rider to the current bond reflecting the change of county of residence must also be submitted.

Dealers must also submit a Dealer Franchise Certification (form [OBL 253](#)) noting the change, if applicable.

## Change of Mailing Address

When a licensee changes only the mailing address of the business, an updated business application reflecting the change of mailing address or a letter documenting the new mailing address with this information must be submitted to the Department. No other documentation is needed to change the mailing address only.

## Renewal of Business License

All business licenses for vehicle dealers, rebuilders, manufacturers, distributors, brokers, salespersons licenses and registration for business license plates expire December 31 of each year. Licenses and registrations issued throughout the year expire on December 31 and pay the same fee; there is no prorating of fees. Licenses issued on or after November 1, are valid through the following year.

Renewals may be processed on the web at [dmv.nv.gov/olbl.htm](http://dmv.nv.gov/olbl.htm), by mail or in person. The Occupational and Business Licensing Section of the Compliance Enforcement Division processes all renewals. Licensees are urged to submit the renewal forms and fees early to allow for processing time.

Licenses that are renewed after the expiration date are subject to a \$25.00 late fee.

A business principal listed on the renewal form must sign the renewal application.

The renewal application will be returned if it is not signed by a business principal. A completed Child Support form, ([OBL 268](#)), must accompany the renewal application for each principal. If the

form is missing for any of the principals, the renewal application and fees will be rejected and returned to the business.

If the Department does not receive the renewal application prior to close of business on December 31, all activity must cease until the license is renewed. Failure to cease business operations until the licensee is renewed may result in administrative fines and/or revocation of the license. If the principal wishes, he may designate an office manager or resident agent, who will have authorization to sign the renewal and any other paperwork on behalf of the business. This authorization must be submitted to an Occupational and Business Licensing office in writing on the "Letter of Authorization" (form [OBL 276](#)) and signed by a business principal. This person must submit a completed Personal History Questionnaire (form [OBL 242](#)).

Any change made to the business license requires the submission of documentation with the renewal form. See "Change of Business Information" section or contact your local Occupational and Business Licensing office for instructions and/or forms.

Salesperson licenses may be renewed at the time of renewal of the dealer business license. If a licensee does not wish to renew a salesperson's license, follow the instructions on the renewal notice. A completed Child Support form ([OBL 268](#)) must accompany the renewal application for each salesperson being renewed. If the form is missing for any of the salespersons, the renewal application and fees will be returned to the business. Businesses renewing online are required to maintain completed Child Support forms for salespersons at their established place of business and make available to the Department upon request.

Business license plates are renewed at the time of renewal of the business license on the renewal form. If a licensee does not wish to renew a license plate, follow the instructions on the renewal form and return the license plate(s) to the Department. Note on the renewal form if a business license plate is lost or stolen.

The number of dealer license plates that may be issued to a dealer or rebuilder is a number that is limited to the total number of active principals and salespersons licensed to the business, multiplied by 1.5.

**Example:**

Total of ten (10) principals and salespersons

10 x 1.5 plates = 15 dealer license plates

Manufacturers and distributors may obtain business plates. These are limited to a number that does not exceed the number of principals or officers listed on the license.

Enforcement action will be taken against anyone in possession of a Nevada business license plate or registration certificate that has been reported as lost or stolen. If a license plate, which you have reported lost or stolen is found or turned into your business, the license plate and registration must be returned to the Department. The license plates cannot be reactivated.

## **Business License Plates**

The Department is authorized to issue special license plates to business licensees. The fee for a business license plate is \$12.00, plus a \$3.00 per plate production fee and a \$0.50 per plate prison industry fee. The business license plate may be renewed for a fee of \$12.00.

Business license plates expire on December 31 of the year of issuance. Fees are not prorated.

A Registration Certificate is issued for each license plate and contains the name, address, and

license number of the business. The registration certificate is issued to the license plate and not for a specific vehicle. This allows a license plate to be moved from one vehicle to another under the control of the business.

### **Business License Plate Display**

License plates must be securely attached to the vehicle. License plates may not be displayed loosely in the window or by any other unsecured method.

### **Business License Plates Usage**

A vehicle displaying manufacturer, distributor or dealer license plates may be operated for personal use by a corporate officer, head of a department or salesperson of the business who is licensed by the Department.

Additionally, a business license plate may be used by a business representative to carry out normal business activities. This would include display, demonstration, maintenance, sale, or exchange of a vehicle, driving the vehicle to a temporary off-site sale, etc.

Pursuant to [NAC 482.048](#), a manufacturer, distributor, dealer or rebuilder shall not authorize use of a business license plate on:

- Vehicles drive by a member of the family of the principal owner, officer, head of a department or salesperson of the business, if the family member is not licensed as a manufacturer, distributor, dealer, rebuilder, or salesperson.
- A vehicle that does not constitute inventory held for sale by the manufacturer, distributor, dealer, or rebuilder.
- A vehicle that is owned and has been leased or rented to any person.
- A vehicle operated in the furtherance of the business, i.e., work or service vehicles owned by the manufacturer, distributor, dealer, or rebuilder.
- Vehicles that have been sold.

Pursuant to [NRS 482.320.2](#), dealer license plates may not be used on:

- Work or service vehicles owned or controlled by the dealer/rebuilder.
- Vehicles leased by dealers, except vehicles rented or leased to vehicle salespersons in the course of their employment.
- Vehicles that are privately owned by the owners, officers, or employees of the dealer/rebuilder.
- Vehicles that are being used for personal reasons by a person who is not licensed by the Department or identified as an officer, department head or salesperson for the dealer/rebuilder.
- Vehicles that have been given or assigned to persons who work for the dealer/rebuilder.
- Vehicles purchased by a manufacturer, distributor, dealer, or rebuilder for personal use, which the licensee is not licensed or authorized to resell.

## Nevada Loan License Plates

Loan license plates may be obtained by a Nevada licensed dealer or rebuilder and may be used on vehicles that constitute inventory held for sale and are loaned to a customer in the course of business. The customer may use the vehicle for any purpose. [NAC 482.043](#).

The dealer or rebuilder may use a loan license plate on a vehicle loaned to:

- A customer, in the course of business.
- An officer or employee of the State of Nevada in the furtherance of the business of this state.
- An officer or employee of the University or Community College System of Nevada for any purpose authorized by the system.
- An officer or employee of a school district, for the furtherance of the school district business.
- An officer or employee of a county, city, or town for the furtherance of county, city, or town business.
- An officer, employee or agent of an organization that is tax exempt pursuant to the provision of [section 501\(c\)\(3\) of the Internal Revenue Code](#), for the furtherance of the business of the organization.
- A dealer may use no more than six (6) of the loan plates for personal use by the dealer or member of his immediate family.
- A customer may not use a loan license plate for more than ten (10) days in a calendar year. A dealer or rebuilder may not accept any fee, compensation, or other form of direct profit from the loan of a vehicle displaying a loan license plate. [NAC 482.0435](#)

The dealer or rebuilder must maintain a written record of each vehicle that is loaned to a customer in the course of business and on which a loan license plate is displayed. The written record must be maintained at the established place of business and must be available for inspection by the Department. [NAC 482.042](#) and [482.0425](#)

## Supplemental Loan License Plates

Supplemental loan license plates may only be issued to a franchised dealer who is required under the terms of their franchise agreement to provide loan vehicles of the same make to customers whose vehicles are being serviced or repaired.

Supplemental loan license plates must be registered to a specific vehicle and may only be transferred upon completion of a Supplemental Loan License Plates application, (form [OBL 309](#)) and payment of associated fees.

The requesting franchise dealer must provide a copy of the provisions of the franchise agreement that conflict with the limitation of 40 loan license plates.

A statement on company letterhead indicating the average daily repairs to justify the number of loan license plates requested, must accompany this request. The justification must be based on the number of work or service orders issued by the franchise dealer for vehicles of the same make and line as the vehicles, which are covered by the agreement. [NAC 482.040](#).

## **Business License Plates Issued by Other States**

It is the policy of the Department to honor the use of business license plates issued by states other than Nevada if the use of such license plates complies with the statutes of the issuing state.

## **Going Out of Business**

When a business licensee goes out of business, the business principal must notify the Department immediately. The licensee must complete an Out of Business Memorandum ([OBL 266](#)). This form is documentation that the business voluntarily went out of business and includes the date the business closed.

Supplies issued to the licensee by the Department must be returned at the time the business ceases to operate. Supplies include 30-Day Drive Away Permits, Short-Term Lessor Permits, Dealer Temporary Placard Security Seals and all business license plates and registrations issued to the business. The dealer or rebuilder is responsible for maintaining all copies of DRS and Short-Term Lessor Permits that were issued by the business for a period of three (3) years from the date of issue.
