3. Public Introductions

INTERESTED PARTIES:	Representing:	
Chris Patterson	DMV/CED	cpatterson@dmv.nv.gov
Mike Morris	DMV/CED	mmorris1@dmv.nv.gov
John Lee	DMV/CED	jlee@dmv.nv.gov
Danilo Dragoni	DMV/NDEP	ddragoni@ndep.nv.gov
Peter Kruger	Emission Testers Council (ETC)	peter@capitolpartners.us.gov

4. Public Comments

- A. **Peter Kruger (ETC)** – I’m wanting to highlight a discussion I had about a year ago with Administrator Decker, one specifically concerning a proposed NAC regulation change for testing equipment. As you know the NV2000 analyzer has basically been the tailpipe and OBD testing device for eons and what we’re going to ask for in a proposed regulation change is not to change any of that, you still would have to be able to do as the regulation requires – all tailpipe and OBD testing - so an analyzer will still be required, but, we’re wanting emission stations to have in addition to and be allowed to use a “tablet type analyzer” on vehicles equipped with OBD. The current approved manufacturer

of the NV2000 has such a device as well as some other manufacturers not currently approved here in Nevada. We think it would speed up the process and when a current analyzer goes down you would have a backup for OBD only testing as well. Additionally, there was a message sent out in the VID on March 29, 2024, mentioning that the Windows 7 operating system is no longer supported. Many of our members have that kind of equipment and they are looking at having to upgrade. Of course, they'll always have to upgrade one piece of equipment but if this were approved, they wouldn't necessarily have to upgrade both/multiple pieces of testing equipment. I'm wanting to get this topic back on the agenda and I will provide some recommended language to Administrator Decker next week. Also, one other thing I do need to mention, NAC 445B 5052, 5056, and 5075 has lots of wording, in our estimation, that is no longer valid. For example, current language in subsection 2 requires that a station have a replacement analyzer within one day. To my knowledge that has never happened and again using a tablet might help there. And in the warrant information there is some language we think could be reviewed. Thank you.

5. Approval of Agenda Order

- A. The agenda was approved by the committee in the order it was prepared.

6. Approval of April 9, 2024, Meeting Minutes

- A. April meeting minutes were approved by the committee as prepared.

7. Informational Item(s)

- A. **Chris Patterson (DMV/CED)** – Some IM Committee Member appointments are ending this upcoming October which means there will be a need for agencies to either have new members appointed, or current members reappointed. Following the October meeting, the position of “Chair” is also scheduled to change from a representative member from the DMV to a representative member from NDEP for the next 2-year period. Historically the “Vice Chair” is typically selected from the next agency heir apparent to the “Chair” which in this case would be Washoe County. During the October meeting we will also need to be prepared to schedule the calendar year 2025 Quarterly IM Committee Meetings.

8. Public Comments

- A. No Public Comments

9. Next Meeting & Adjournment

- A. The next IM Committee meeting is scheduled for Tuesday, October 8, 2024, at 2:00 p.m.
- B. Today's meeting adjourned at 2:20 p.m.
